About me

UX/UI Designer specialising in polished UI craft, visual language and design systems for complex cybersecurity SaaS. I create scalable components, reusable platform patterns and AI-assisted prototyping workflows, partnering closely with engineers to improve product quality and design-to-code consistency.

Skills Summary

- Design systems, tokens, components and platform standards
- Visual language, UI craft, accessible interfaces, dashboards and data visualisation
- Reusable UX patterns, platform templates and complex enterprise workflows
- Custom Figma plugins, workflow automation and AI-assisted prototyping
- Basic front-end literacy through Storybook, GitHub and design-system package workflows
- Collaboration with engineers, product teams and senior stakeholders

Experience

Rapid7

UX Designer II | Feb 2026 - Present
UX Designer | Sep 2024 - Feb 2026
UX Design Intern | May 2022 - Sep 2023

- One of the core builders of Rapid7's design system, evolving components, patterns, tokens, charts, icons and shared visual standards.
- Defined reusable UX patterns and templates to unify dashboards, reports, investigations, cases and intelligence workflows, helping teams move faster while improving platform consistency.
- Refined the product visual language across complex cybersecurity workflows, improving UI polish, layout, hierarchy, multi-brand theming, interaction detail and data visualisation.
- Built custom Figma plugins and AI-assisted prototyping workflows to speed up visual exploration, interaction design and repetitive production tasks.
- Partnered closely with engineers across Storybook, GitHub and package workflows, supporting component specification, implementation review and design QA to improve design-to-code quality.

Tooling

Figma, FigJam, Storybook, GitHub, Jira and Adobe Creative Cloud, with experience building custom Figma plugins, design-system packages and AI-assisted prototyping workflows.

Education

Ulster University

BDes (Hons) Interaction Design, First Class Honours
Diploma in Professional Practice, Distinction

Belfast Metropolitan College

Foundation Diploma in Art and Design, Merit, July 2019
